PROFESSIONAL EXPERIENCE

Pheuture Studio Pvt. Ltd. — Scrum Master | Agile Coach

Aug 2020 – Present - Lead and coach **multiple cross-functional Scrum teams (10–12 members)** delivering enterprise-scale products across **banking, telecom, and healthcare** domains. - Facilitate all Scrum ceremonies ensuring strong cadence, transparency, and alignment with business goals. - Partner with Product Owners to refine and prioritize backlogs using **user story mapping, INVEST principles, and DEEP backlog practices**. - Drive Agile maturity by coaching teams on **Scrum, Kanban, and SAFe**, improving sprint predictability and delivery stability. - Use **Agile and flow metrics** (Velocity, Burndown/Burn-up, Cycle Time, Lead Time, CFD) to identify bottlenecks and implement data-driven improvements. - Remove organizational impediments by coordinating with leadership, architecture, DevOps, QA, and external vendors. - Support **SAFe events** including PI Planning, Iteration Planning, System Demos, and Inspect & Adapt workshops. - Configure and optimize **Jira and Azure DevOps dashboards, workflows, and automation** for visibility and governance. - Lead Agile transformation initiatives, guiding teams transitioning from **Waterfall to Scrum/Kanban**. - Foster psychological safety, accountability, and continuous learning to enable self-organizing, high-performing teams.

Pheuture Studio Pvt. Ltd. — Team Lead

Jun 2019 – Jul 2020 - Mentored and coached team members through performance reviews, goal setting, and skills development. - Managed delivery risks, dependencies, and stakeholder expectations to ensure consistent outcomes. - Strengthened collaboration and communication across business and technology teams.

Earlier Technical Roles (Progressive Growth)

2012 – 2019 - BI Developer Analyst | Senior Software Engineer | Database Developer - Built BI dashboards and analytics using **SQL Server, Power BI, Tableau**, and ETL pipelines. - Collaborated in Agile delivery teams, contributing to SDLC, release management, and quality improvement. - This experience provides strong **technical empathy**, enabling effective facilitation with engineering teams.

KEY PROJECTS & PROGRAMS

Banking — SunTec Revenue Management Modernization (Europe)

- Scrum Master for a large-scale Agile program modernizing **Revenue & Relationship Management** platforms.
- Enabled cross-country delivery, reduced revenue leakage, and improved real-time visibility across payment channels.

Telecom VAS — Revenue & User Management Platform (India, UAE, Nigeria, Sri Lanka, Bangladesh)

- Led Agile delivery of a telecom VAS product providing real-time campaign, user behavior, and revenue insights.

Healthcare — Predictive Analytics Platform (Humana, USA)

- Supported Agile delivery of an AI/ML-based predictive analytics engine for population health management.

EDUCATION

- Bachelor of Engineering (Information Technology) — RGPV University, Gwalior
