Summary

Results-driven project management professional with 9+ years of experience and a strong emphasis on team collaboration and impactful outcomes. Expertise in coordinating complex projects ensures timely completion while adapting to evolving requirements. Proven leadership abilities, strategic planning skills, and effective stakeholder communication contribute to successful project execution. Recognized for reliability and flexibility in dynamic environments, consistently driving projects to exceed expectations.

Career Break

Mar 2021 – Present Planned career break to focus on personal growth and skill enhancement, ready to contribute innovative solutions and fresh perspectives to new challenges in the industry.

- Participated in the Skill Arbitrage training program, gaining hands-on exposure to modern data technologies, tools, and industry methodologies.
- Completed advanced Python training with a strong focus on data engineering, automation, and scripting.

Skills

Informatica PowerCenter 9x/10x, Informatica Cloud – Data Integration/Application Integration, Oracle, SQL Server, MySQL, Salesforce, OCE Tivoli, Veeva CRM, Python

Work History

Project Lead

IQVIA

08/2017 - 02/2021

- Designed and developed real-time application integrations using Informatica Cloud Application Integration (CAI), exposing REST APIs with JSON request and response structures.
- Developed Cloud Data Integration (CDI) mappings for batch data loads, transformations, and data validation.
- Supported legacy PowerCenter ETL jobs, and assisted in transition and modernization efforts toward cloud-based integrations.

Senior Software Engineer

Alten CalSoftLabs (Client: IQVIA)

07/2016 - 08/2017

- Developed and maintained Informatica PowerCenter-based integrations for application-to-application and application-to-database use cases.
- Performed SQL-based data analysis and validation to support development and production issue resolution.
- Followed technical standards, documentation practices, and Agile delivery methodologies.

Sr. Informatica Developer

HTC Global Services (Client: UnitedHealth Group)

09/2015 - 04/2016

- Designed and customized data models for efficient ETL of streaming data from multiple sources.
- Conducted rigorous performance testing and query tuning to enhance application reliability and speed.

Software Engineer

DataCore Soft Technologies

08/2011 - 09/2015

- Engineered robust ETL flows implementing data transformations including Aggregator, Expression, Filter, Router, Rank, Sequence Generator, Lookup, and Update Strategy.
 - Supported seamless project transitions during go-live phases, ensuring minimal disruptions.
-

Education

Computer Science

Visvesvaraya Technological University • Belgaum, Karnataka

07/2007-07/2011

Certificates

Informatica PowerCenter Developer acquired on 23 Dec 2018, Salesforce admin acquired on 18 Aug 2020, OCE Certified Sales End - User acquired on 20 July 2020

Awards

Above and Beyond - Awarded on 5 Dec 2018, Client Delight - Awarded on 8 Mar 2017
